## Acrow Projects

**Metallurgical Corporation of China (MCC)**

Sabah Al Salem University City College of Science (Men, Women Campus)

Using Acrow Systems for:

1. Columns formwork
2. Cores, shear walls, and retaining walls formwork
3. Slabs formwork

**Burhan International Contracting Co.**

Construction, completion, and maintenance of interchanges on main highways

7th and 6th ring motorway connecting to new housing area at West Jleeb

Al Shuyoukh areas – RA186

Using Acrow Systems for:

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)
3. Moveable cantilever brackets system for parapet formwork

**Metallurgical Corporation of China (MCC)**

Design, build, equip, and operational maintenance for the new HAHK hospitals

at Ahmadi & Al Jahra Kuwait

Using Acrow Systems for:

1. Raft foundation formwork
2. Columns formwork
3. Cores, shear walls, and retaining walls formwork
4. Slabs formwork

**Off Shore Contractor: Hyundai Engineering & Construction Co.**

**On Shore Contractor: Combined Group Contracting Company**

Sheikh Jaber Al-Ahmad Al-Sabah Causeway Project (RA-140)

Using Acrow Systems for:

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)

**United Gulf Construction Co. W.L.L.**

Storm Water Concrete Tank - PAHW

Using Acrow Systems for:

1. Sub-structure formwork (columns, walls)
2. Super structure formwork (slabs)

**Kharafi Construction “MAK”**

New Justice Palace - Kuwait

Using Acrow Systems for:

1. Acrow climbing protection system

**Main - Contractor: Metallurgical Corporation of China (MCC)**

**Sub - Contractor: United Gulf Construction Co. W.L.L.**

RA/259 – construction, completion, and maintenance of road and interchanges

on the existing 6th ring road to interchange 82 (Salmi Road, Phase I)

Using Acrow Systems for:

1. Construction of 4 intersections (IC 82 (3 Levels), IC 87, IC 92 & IC 98)
2. Construction of bridges 3 Nos. P1, R1, and railway cross bridge
3. IC NO. 98,92,87, railway bridge , R1 bridge

**Kuwait Company for Process Plant Construction & Contracting k.p.s.c. (KCPC)**

The Scientific Center of Kuwait

Using Acrow Systems for:

1. Columns formwork
2. Cores, shear walls and retaining Walls formwork
3. Slabs formwork

#### **Sinohydro Construction Company Construction**

Completion and maintenance of bridge on 7th ring road contract No. RA / 240  
 Using Acrow Systems for: INTERCHANGE NO. IC3-1, IC3-3, IC3-4, IC3-5, IC3-6, IC3-7

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)
3. Underpasses (foundation, trough walls)

#### **Kharafi Construction “MAK”**

New Jahra Hospital - Kuwait

Using Acrow Systems for:

1. Vertical elements of the new Jahra Hospital (Columns, Walls) using Acrow Panels System

#### **Kuwait Company for Process Plant Construction & Contracting k.p.s.c. (KCPC)**

Construction, completion, and maintenance of roads, bridge, stormwater drainage, sewer, and other services for roads connecting Mina AL-Zour and Wafra Contract No. RA / 237

Using Acrow Systems for: INTERCHANGE NO. IC -01, IC-02, IC-03, IC-04

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)

#### **Metallurgical Corporation of China (MCC)**

Construction, completion, and maintenance of the 6.5 Ring Road (RA/223)

Using Acrow Systems for:

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)
3. Underpasses (foundation, trough walls)

#### **Alghanim International General Trading & Contracting Co.**

Construction, completion, and maintenance of the roads, stormwater drainage, sewers, and other services for roads connecting Mina Abdulla and wafra. RA/238

Using Acrow Systems for:

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)

#### **United Gulf Construction Co. W.L.L.**

Construction, completion, and maintenance of roads, bridges, stormwater drainage, sewer, and other services for Cairo Street – RA200

Using Acrow Systems for:

1. Sub-structure formwork (piers and abutments)
2. Super structure formwork (bridge deck slabs)
3. Underpasses (foundation, trough walls)

#### **United Gulf Construction Co. W.L.L.**

Contract No. RA/245 Construction, upgrading, and maintenance of roads & interchanges for access to the Future Mutla City

Using Acrow Systems for:

1. Sub-structure formwork (retaining, trough walls)
2. Super structure formwork (bridge deck slabs)

#### **MSC Musaed Salem Alabduljader**

The Financial & Administrative Affairs Sector Building

Using Acrow Systems for:

1. Vertical elements (columns) using ACROW panels system
